Upcoming work includes: Plattsburgh Battlefield Gateway, Massena High School Security Upgrades, Waddington Electric Vehicle Charging Stations, Ft. Drum Bldg. P10110 Power and Data, Cape Vincent Waterfront Improvements, Town of Watertown Water District 4, Watertown Airport Grant Restaurant.

Wheeler Sack Airfield Lighting Project bid date has been pushed back to December 10. I am still not certain if there is more than one bidder for this project. Some of the project requirements are difficult for bidders to meet.

An AI Data Center is in the very early planning phase for a site in Massena. I have been in contact with the Developer for the potential project and they have met with Building Trades Reps and are open to the idea of doing the project under a PLA. We will see where this one goes.

Dow Electric has become a signatory contractor, there have been lots of questions with them being a new contractor, working through issues with employees, making sure there is no lapse in insurance coverage etc. We have 9 people working for them between Akwesasne jobs (3), Gouverneur School, and Hudson Headwaters in Malone. So far so good.

Reminder our Holiday Party is January 31 at the Waterfront Hotel (VOCO) in Saranac Lake starting @ 5:00 Pm. We will have Dinner, Cocktails and be handing out service pins. We have a block of rooms available at a discounted price of \$209 per night. Please RSVP by calling the Union Hall (315)782-5630.5pm

From all of the Board Members and Office Staff we wish you a healthy and happy New Year for 2026.
